**OPPOSITION TO
SECURUS TECHNOLOGIES, INC.
MOTION FOR EXTENSION OF TIME**

The Wright Petitioners, Citizens United For Rehabilitation Of Errants, and Prison Policy Initiative, hereby submit this Opposition to the Motion for Extension of Time (the “Motion”) filed by Securus Technologies, Inc. (“Securus”) on March 10, 2017.¹ Securus requests that the Federal Communications Commission (the “Commission”) delay the implementation of the Annual Reporting Requirements set forth in Section 64.6060 of the Commission’s rules (the “Rules”).

As discussed herein, the Motion must be denied. The Commission has already extended the April 1st deadline established in Section 64.6060 to June 1, 2017, providing Inmate Calling Service (ICS) providers two additional months to compile and submit the information. In addition, ICS providers have been required pursuant to Section 64.6110 to "clearly, accurately, and conspicuously disclose their interstate, intrastate, and international rates and Ancillary Service Charges to consumers" since March 1, 2017.² As such, to the extent that Securus'

¹ On March 14, 2016, a Public Notice requesting comments regarding Securus' Motion was released, establishing March 28, 2017, as the deadline for comments, and April 4, 2017, as the deadline for reply comments. *See Wireline Competition Bureau Seeks Comment On Securus Technologies, Inc.'s Motion for Extension of Annual Reporting Deadline*, Public Notice, DA 17-249 (rel. March 14, 2017).

² 47 C.F.R. §64.6110 (2017). *See also Wireline Competition Bureau Announces Due Dates for Inmate Calling Services Information Collections and Consumer Disclosure Requirements*, Public Notice, DA 17-209, pg. 1 ("ICS providers must comply immediately with the Commission's consumer disclosure requirements.").

motion is based on the inability to compile their rates for ICS and video visitation, that information should have been compiled and readily available as of March 1, 2017.

Moreover, as provided in **Exhibit One**, ICS providers already prepare monthly reports for each correctional facility which include (i) the minutes of use based on the type of call and/or video visitation occurrence, and (ii) the site commission payment information. Since these reports are generated on a monthly basis using the ICS providers' system, it is unlikely that compiling this data by June 1st would cause any great hardship on Securus or any other ICS provider.

Finally, while Securus bases its motion in part on the pending appeal before the United States Court of Appeals for the District of Columbia Circuit, it is noteworthy that both Securus and Telmate requested that the Court stay the effectiveness of Section 64.6060, and those requests were denied. In particular, Securus' "Emergency Motion for Partial Stay of FCC Order 15-136 Pending Review," filed on January 27, 2016, raised the same "vagueness" argument regarding the definition of site commissions that it raised in the instant Motion,³ and the Court did not issue a stay of Section 64.6060. Telmate also asked for a stay of the effectiveness of Section 64.6060, and that request was denied as well.⁴ Thus, regardless of pending appeal relating to the Commission's authority to regulate intrastate ICS rates pursuant to Section 276 of the Communications Act, the Court found that Securus and Telmate failed to meet "the stringent requirements for a stay" with regard to the compilation and submission of rate and site commission information during the pendency of the appeal.⁵

³ See Emergency Motion for Partial Stay Of FCC Order 15-136 Pending Review, filed by Securus Technologies, Inc., Jan. 27, 2016, pg. 18.

⁴ See Motion of Telmate, LLC for Stay Pending Judicial Review, Jan. 29, 2016, pg. 1.

⁵ See *Global Tel*Link v. FCC*, No. 15-1451, Order (D.C. Cir. Mar. 7, 2016).

The only remaining argument presented by Securus in its Motion is that the Commission did not intend to require the submission of the annual reports for an entire year after the forms are approved by the OMB.⁶ Of course, nothing in Section 64.6060 of the Commission's rules establishes that requirement. Instead, Securus relies on *dicta* in the Second Report and Order to argue that ICS providers are entitled to wait 15 months from OMB approval on January 9, 2017, to submit their first report.

To the extent that OMB approval was not received until nine days into 2017, the Commission has more than accommodated the delay by providing two months additional time to submit the reports. To the extent that the Commission's publication of OMB approval was not announced until March 2, 2017, the Commission extension of the deadline for the equivalent period of time eliminates any possible finding of hardship. Moreover, as noted above, ICS providers have been responsible for compiling rate and ancillary fee information – and making that information "readily available" to the public - for each facility they serve since March 1, 2017. Coupled with the fact that ICS providers generate site commission reports every month that contain most, if not all, of the information that would be filed in accordance with Section 64.6060, Securus has failed to demonstrate that it is unable to compile this information by June 1, 2017.⁷

⁶ *Motion*, pg. 3.

⁷ Securus also makes an odd argument that the March 1, 2017 Federal Register notice "states that the first annual reports 'are due March 1, 2017.'" *See Motion*, pg. 5. However, the only reference to a "March 1, 2017" deadline at 82 Fed. Reg. 12,183 related to the Mandatory Data Collection Requirement, *not* the Annual Report requirement, which was also acknowledged in the Commission's March 2, 2017 Public Notice. On March 8, 2017, a corrective Federal Register notice was released, making it clear that the error related to the mandatory data collection requirement, *not* the annual reporting requirement. *See Exhibit Two*. It is unclear why Securus stated, on March 10, 2017, that the language it cited referred to the annual reporting requirements set forth in Section 64.6060 of the Commission's rules. Undersigned counsel assumes it was simply a harmless error, and not an attempt to mislead the Commission.

Therefore, the aforementioned parties respectfully request that the FCC adopt an order denying the request.

Respectfully submitted,

ICS providers must submit data on the costs of providing—and the demand for—interstate, international, and intrastate ICS. The data collection requires ICS providers to submit data on ICS calls, various ICS costs, company and contract information, information about facilities served, ICS revenues, ancillary fees, and mandatory taxes and fees. ICS providers are also required to apportion direct costs for each cost category and to explain how joint and common costs are apportioned among the facilities they serve and the services they provide. The data will be used to enable the Commission to assess the costs related to ICS and ensure that ICS rates and fees related to ICS rates remain just and reasonable as required by section 201 of the Act. **Responses to the collection are due March 1, 2017.**

The Commission's Wireline Bureau staff will develop a standardized template for the submission of data and provide instructions to simplify compliance with and reduce the burdens of the data collection. The template also includes filing instructions and text fields for respondents to use to explain portions of their filings, as needed. See FCC Form 2300. Providers are encouraged to file their data electronically via the Commission's Electronic Comment Filing System (ECFS).
